

INDIAN INSTITUTE OF MANAGEMENT LUCKNOW

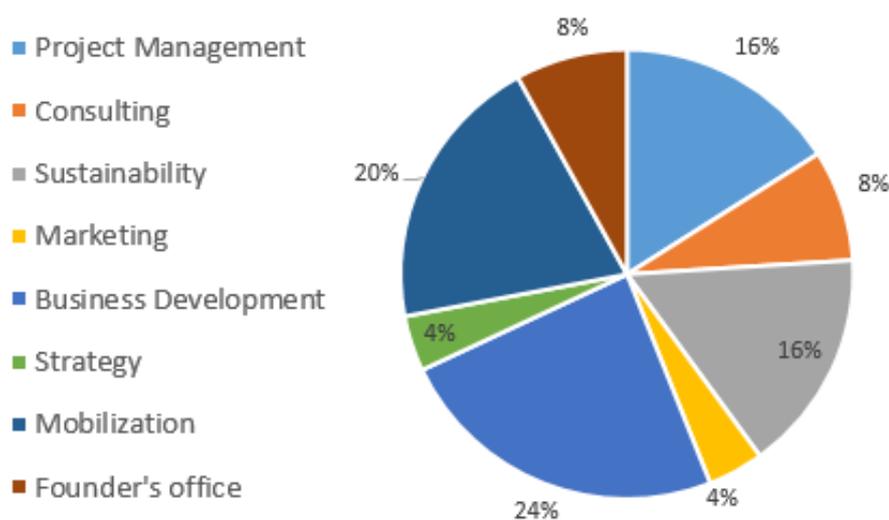

FINAL PLACEMENT REPORT

**POST GRADUATE PROGRAMME IN SUSTAINABLE MANAGEMENT
BATCH 2018-20**

IIM Lucknow's Post Graduate Programme in Sustainable Management (PGPSM) operating from its Noida Campus has conducted the recruitment process for its 4th batch of 33 students who graduated in 2020. With this, it established its mark in various industries with a focus on managing sustainable businesses.

The recruitment drive witnessed the participation of 40 recruiters for a pool of 28

students. The roles offered to the students varied from Managerial positions in the domains of Business Development, Technology Management, Consulting, Operations, Project Management,

Leadership Trainees and Program Management which indicated the importance of sustainability for these businesses and how they have embedded it into their systems.

Some of the top recruiters across different sectors were Accenture, KPMG, E&Y, Atria from the consulting domain and, Aarti Industries from manufacturing. The energy sector saw the ascent of Amplus Solar, Fourth Partner Energy Limited, while education firms like FIITJEE and Centum Learning offered placement offers to the students. The process also witnessed the participation of some fastest-growing start-ups in their respective domain like Moglix in Tech-Space, Agrostar in Ag-Tech and Husk Power in Energy.

Top Recruiters	Number of Students
Accenture	5
FIITJEE	3
Amplus Solar	3
