### ***Skill Camp***

---

- Skill Camp is a holistic skill awareness program targeting youth of the district
- 400 Students
- 19 June - 9 Aug
- District Skill Committee initiative
- NCS registration, Financial Literacy Campaign and Skill Gap Study also facilitated

### ***Impact***

---

A skill camp was conducted to generate awareness among youth about the importance of skilling and entrepreneurship development. The camp was targeted at 400 students across the district and aimed to create a skilled and knowledgeable future generation that is aware of the different avenues of skill development available to them. The camp included lectures on different skill development avenues, career discussions, and national career service portal registration. The camp aimed to create a skilled and knowledgeable future generation that can realize their full potential and become economic drivers of the district.

### ***Way Forward***

---

- Project generated awareness among 400 youths of district.
- The project needs to be brought to different villages and towns of districts other than limiting itself to major towns.
- This should be done annually considering Champhai is in nascent stage of skill development.
- The project should also include career development cells and training institutes representatives and serve as a pathway to opportunities.
- District Education Department and VCPs should be onboarded for bridging the demand gap between youth and district skill committee.
